

MSD is a leading supplier of health-care products and biomedical equipment rentals with service to the home infusion, specialty pharmacy and oncology markets.

CPR+ is the most utilized patient and business management software among home infusion providers.

Together, MSD & CPR+ capitalize on the strengths of both organizations bringing a seamless solution for inventory and asset management to home infusion providers and specialty pharmacies.

For CPR+ and MSD customers, the cost of doing business just went down.

New Features for MSD & CPR+ Users:

⇒ Online Ordering

- *Elimination of double entry*
- *Automated Inventory Replenishment*
- *Real time visibility to pricing & backorders*
- *Improved Inventory management*
- *Patient Home Direct Order Management*
- *Advanced reporting*

⇒ OneTrack Asset Management

- *Elimination of double entry through automated synchronization*
- *Bar code technology*
- *Equipment Management & Tracking*
