Medical Specialties Distributors, LLC (MSD) Announces Mark Dupies Transition from MSD to OIS

Stoughton, MA – February 21, 2011 – Medical Specialties Distributors, LLC (MSD), the nation's leading provider of infusion products, supplies, biomedical services and technology to the home infusion market, announced today that Mark Dupies, MSD's IT Product Manager will transfer his position to Director of Customer Technology Solutions at Outpatient Infusion Systems (OIS).

MSD has long realized the value of technology and how it provides a competitive advantage in the marketplace. OIS Paperless, which launched in the fall of 2010, has been very well received and has been installed in a number of community cancer clinics. To support increasing numbers of OIS Paperless users and future technology initiatives, Mark Dupies, former project specialist for OneTrack, MSD's proprietary asset management tool, has now joined the OIS team as Director of Customer Technology Solutions.

"Not only does Mark have the technical skill set that we seek here at OIS to take us to the next level, but he also has a proven track record at MSD--working with both customers and sales reps," said Chris Good, president of OIS/MSD, Oncology Division. "He is a great addition to our team and no doubt will be instrumental in the ongoing success of our paperless program."

Mr. Dupies joined MSD via the acquisition of Wren Medical where he served as IT project manager. In his role with OneTrack, he worked with the sales reps to prepare demos and conduct installations/training in the field. In addition to his time with MSD/Wren, where he's been employed since 2002, Mark has also served as a biomed manager and certified pharmacy technician (CPhT) in a home care infusion pharmacy for 14 years.

ABOUT MEDICAL SPECIALTIES DISTRIBUTORS, LLC (MSD): MSD is a primary distributor of med surg product and biomedical equipment into the alternate-site marketplace. MSD's portfolio of services includes Outpatient Infusion Systems, an accredited ambulatory pump program serving the oncology marketplace throughout the U.S. Additional services offered by MSD include formulary development, online ordering, equipment management and tracking, and patient direct delivery programs. MSD is an authorized distributor for most of the healthcare industry's leading group purchasing organizations and is also ISO 9001:2000 & ISO 13485:2003 Certified.
