

“Using the OneTrack system has revolutionized our ability to manage our pumps accurately and efficiently.”

OneTrack Testimonials

“Having worked in the home infusion services market for close to 30 years, I have managed infusion equipment in various systems and processes.”...“By integrating the needs of their customers and consolidating their platform for their biomed centers, One Track is now providing Coram with operational tools that have provided us the ability to improve asset utilization and better manage capital investments. The reporting tools from One-Track allow my Asset Manager to hold our branches accountable with functional data and real time responsiveness providing better patient care to our customers.”

**Robin J Ward, Vice President, Strategic Operations-
Coram Inc. an Apria Healthcare Company**

“MSD and OneTrack have given us the flexibility, visibility and dependability to guarantee responsibility and accountability within our dramatic business structure. OneTrack transforms information from neglected papers in a dusty file cabinet into a very manageable and cost-effective business tool.”

**Adeel Makda, Financial Analyst-
Walgreens**

“Here at United Pharmacy Services of Atlanta, we used to track our pumps and equipment by hand, writing everything down in a notebook. It was a constant struggle trying to keep up with PM dates, locations of pumps and it was always difficult to get a good snapshot of where every pump was at any given time in light of the fact that every pump or piece of equipment had its own page. The frequent flipping of pages can be confusing.

Using the OneTrack system has revolutionized our ability to manage our pumps accurately and efficiently. From receiving to shipping and everything in between, the OneTrack system has cut our administrative time in half and done it effortlessly. This system is easy to learn and easy to use.”

Philip Council, CPhT- United Pharmacy Services Of Atlanta

“It’s like I’ve been doing long division by hand and then was given a calculator.”
Tony Singletary, Owner and PharmD- Pinnacle Infusion
